1. **Roof Discussion:** Andrew Carney (Kirkness) reviewed the Bradford inspection report with the Board, noting that reported issues were repaired on Friday. Photos and report details were reviewed. Ultimately, Andrew said that the main issue addressed in the inspection is that the roof was not code compliant and must be replaced. He presented the following two options:
    - **Option 1:** Replace the existing roof system during the summer of 2027. The replacement will be performed so the completed roof complies with the building codes in effect at the time of replacement.
    - **Option 2:** Issue a 100% refund within 14 days to include a 9 month warranty for any leaks.

    Ben made a motion to accept the first option with the following conditions:
    1. Address the area above the Superintendent's office
    2. Address any roof issues that may arrive during the winter months
    3. Kirkness will monitor the primary drains are working properly.

    Dan 2nd, all in favor, motion passed.
